

Terminal Users - Control Panel - (INTERNAL)

In this document, we cover setting up Admins / End Users at a Betmakers Access Level.

Please ensure you have Access to the Betmakers Control Panel before continuing in this document.

Production Control Panel Link: <https://control.tbm.sh/>

Overview

Modal 1: Navigate to Terminals Control

Login to the Betmakers Control Panel and Navigate to the Terminals Page, by using the tabs at the top. - If you don't see any tabs you need to request access from a Betmakers Administrator.

Once here you will see the following UI.

Modal 2: Creating Users

The following process is for setting up Admins and End users for each venue that the terminals are allocated.

Click Create User

Enter User credentials - please note each user must be unique with a unique email address.

The Email address must be Validated by the User (see documentation - User Setup Instructions)

Create Terminal User

Username

user123

Email

user123@gmail.com

Venue

Role

CANCEL

CONFIRM

End User

CONFIRMED

Enabled

Select a Venue - Ensure you select ONLY the venue that is applicable

Create Terminal User

Username
user123

Email
user123@gmail.com

CAN
CAY
LIB
LVDC
MN

Select Role

End User
Admin

CANCEL CONFIRM

End User	CONFIRMED	Enabled
----------	-----------	---------

Admins - Users that have this Role will be granted permission to add / delete

/ disable Users according to the Venue that was selected in the terminal admin portal - <https://oncourseterminal.betmakers.com/admin>

End User - Users that have this Role will be granted access ONLY to the 4x3 Terminal Software once they have completed the validation process (see

document - User Setup Instructions)

If the User is required to change Roles the account must be deleted and re-instated with the new Role Selected

Click Confirm once done.

Modal 3: Managing Users

In the below list you will now see the latest user you have added.

Terminal Users (Tellers)								
+ CREATE USER		Search						
User Name	Email	Email Verified	Venue	Role	Confirmation Status	Status	Created Date	Updated Date
user123	user123@gmail.com	Yes	MN	Admin	FORCE_CHANGE_PASSWORD	Enabled	2022-04-27 13:21:21	2022-04-27 13:21:22

This user needs to confirm their Email address and Password prior to accessing the Terminal interfaces..

You can also see the status of ALL users here for ALL Venues.

brogers	brian.rogers@betmakers.com	Yes	-	End User	CONFIRMED	Enabled	2022-04-27 11:22:54	2022-04-27 11:29:21
---------	----------------------------	-----	---	----------	-----------	---------	---------------------	---------------------

To Disable this User click on the list item to access the following modal

Click Disable

To Delete a User you must first Disable the User then the Delete option will be available.

Once deleted, if the user is required again they will have to follow the validation process again.

Enabling the User will require no intervention by the User, they will immediately be granted access again.

End Document
